 - l. The Director of the Office of Industry Policy, Office of the Assistant Secretary for Policy and International Affairs.

DISTRIBUTION: All Secretarial Offices
All Operating Administrations

OPI: Science and
Technology Advisor

3. OPERATION.

- a. The principal purpose of the Council will be to provide a forum for discussion with and among Departmental officials who have overall research and development management responsibilities in their organizations.
- b. The principal goals and activities of the Council are:
 - (1) To exchange information regarding actions and problems of common concern.
 - (2) To achieve consistency in policies and practices through joint deliberation.
 - (3) To assist the Science and Technology Advisor in the oversight of important research and development issues;
 - (4) To foster coordination and collaboration among the Operating Administrations in the conduct of research and development; and
 - (5) To assist the Science and Technology Advisor in the preparation of comprehensive DOT research and development plans and related documentation.
- c. Meetings will be held at the call of the Chairperson, either on his/her own initiative or at the request of a member.
- d. The deliberations of the Council will provide a basis for consistent action by its members in the exercise of their respective authorities.

Robert L. Fairman
Assistant Secretary for
Administration
